MODEL

Caldo.20 WiFi - GA
(Global Access)

ELECTRIC WATER HEATERS

WiFi Enable Electric Water Heater

The new Caldo.20 WiFi - GA model, incorporates state of our technology that allows you to operate your water heater from anywhere via an app on your smart phone. You can set the required water temperature, timefunction heating mode & shower time checking through your smart phone. A separate remote control is also available for non WiFi operations.

UNIQUE FEATURES OF CALDO.20 WiFi - GA

BLUE FOREVER HEATING ELEMENT

'Blue Forever' is a patented technology designed to reduce scaling, increase heating efficiency and prolong the life of the heating element significantly.

QUICK HEATING SYSTEM

This water heater has two heating elements, one for normal operation and another for quick heating. Quick heating delivers hot water in a much shorter time. You can choose between the normal and quick heating options through the smartphone app.

COLOUR LED DISPLAY

The multi color LED Display allows you to see the current temperature, shower time, heating mode, power status, etc. to enhance your bathing comfort. On/Off timer setting is also indicated on display along with WiFi connectivity status.

HEALTHY BLUE SILICON ENAMEL COATED TANK

Ferrolli electric water heater tanks undergo a special, corrosion-proof treatment called the Blue Silicon enamel coating process, which creates a perfect glass lining on the tank, ensuring a longer life.

About Us

Ferroli, the European multinational for domestic and industrial air-conditioning and water heating, was founded in 1955 by Dante Ferroli in San Bonifacio, near Verona, in Italy. Today, six decades later, Ferroli has 30 plants and business organisations, 6 R&D centres and operates in over 100 countries worldwide.
