

# DFF-KAM

ELECTRIC INSTANT WATER HEATERS

*The Italian water heater  
for the smarter lifestyle*

Ferroli's little wonder, the DFF series of Instant Electric water heaters incorporates the latest Online Heating technology for efficient delivery of hot water.

## UNIQUE FEATURES OF DFF-KAM SERIES RANGE

### ONLINE HEATING TECHNOLOGY

Ferroli DFF series water heaters use online heating technology. Switch on the product, select the power and open the outlet, you will start getting hot water instantly.

### OVER TEMPERATURE PROTECTION

DFF Series products are provided with additional safety of 'Over temperature protection' device which shuts of the product instantly.

### MULTIPLE POWER OPTION

Three power options are available to give you the desired temperature of hot water by selecting position 1, 2 or 3. The product can also be made OFF by rotating the selector switch to position '0'.

### FLOW SENSOR SWITCH

DFF series water heaters are equipped with flow sensor switch. If there is no flow of water, the product will not be ON, thus avoiding dry heating of the heating element.

## ABOUT FERROLI GROUP

Ferrolì, the European multinational giant of domestic and industrial air-conditioning and water heating, was founded in 1955 by Dante Ferrolì in San Bonifacio, near Verona, in Italy. Today, six decades later, Ferrolì has 30 plants and business organisations, 6 R&D centres and operates in over 100 countries worldwide.
